**APPLICATION NO: RR/2019/1271/T
ETCHINGHAM**

1 The Orchard, Etchingham

Fell one oak tree

Further comments for reporting:

LANTRA tree report carried out on behalf of the Parish Council (tree owners):

- Physical and structural condition of tree – good.
- Retrenchment pruning is recommended (a phased form of crown reduction) thereby reducing the trees requirement for water in a controlled manner and less likely to cause heave.
- Also can retain the tree as an asset to the wildlife and human environment.

RECOMMENDATION: AS PER REPORT
