

Rother District Council

Report to	-	Audit and Standards Committee
Date	-	18 May 2020
Report of the	-	Executive Director
Subject	-	Review of Internal Audit 2019/20

Recommendation: It be **RESOLVED:** That the Review of Internal Audit 2019/20 be approved.

Audit Manager: Gary Angell

Introduction

1. The Council's Internal Audit Service is operated in accordance with the Public Sector Internal Audit Standards. These Standards require the Audit Manager to undertake periodic self-assessments of the effectiveness of Internal Audit but they do not specify how frequently these reviews should take place. The Audit Manager considers it beneficial for annual reviews to be carried out, and for Members to receive the findings, prior to 31 March each year so that reliance can be placed on the effectiveness of Internal Audit when reviewing the Annual Governance Statement.

Quality Assurance and Improvement Programme

2. The Public Sector Internal Audit Standards (hereafter referred to as 'the Standards') aim to achieve consistent industry standards for Internal Audit. The Standards also require the Audit Manager to develop and maintain a Quality Assurance and Improvement Programme that covers all aspects of the Internal Audit activity. This includes both internal and external assessments.
3. Periodic internal assessments are necessary to evaluate conformance with the Definition of Internal Auditing, the Code of Ethics, and Attribute and Performance Standards. The Audit Manager therefore carries out an annual self-assessment review of the Internal Audit function in order to meet this requirement and uses a comprehensive checklist to ensure that all aspects of the Standards are covered. Given the length of this document, the results of the review have been summarised for this report but the detailed checklist is also available to view upon request. The Summary Compliance Checklist can be found at Appendix A.
4. Internal Auditors are expected to comply with the Standards as far as possible and where compliance is not possible, to explain why. The level of compliance with each aspect of the Standards is indicated in the checklist by a tick in the relevant column; **Y** (Yes - Compliant), **P** (Partial Compliance) or **N** (Not Compliant). Where an item on the checklist is not compliant or only partially compliant, there is an explanatory comment. However, on this occasion, there are no items which required further action.

5. Any material non-compliance with the Standards would need to be highlighted in the Annual Governance Statement but no such issues were found.
6. In addition to periodic self-assessment, the Standards also require an external (peer) review to be carried out at least once every five years. The last peer review was conducted by the Chief Internal Auditors at Arun and Horsham District Councils and was completed in 2017/18. The results were reported to the Audit and Standards Committee on 26 June 2017 (Minute AS17/14 refers). No significant issues were found and the Assessment Team concluded that “the Internal Audit Service of Rother District Council generally conforms with the Public Sector Internal Audit Standards (PSIAS) and general good practice for the profession”.

Conclusion

7. In summary, no new issues have come out of the latest internal assessment.
8. The results of this assessment, and the earlier peer review, therefore demonstrate the Internal Audit Service continues to achieve a good level of compliance with the Standards and none of the areas of partial compliance are significant in nature. On this basis, the Audit Manager concludes that **there is a high level of effectiveness overall.**
9. The Section 151 Officer and Monitoring Officer support the conclusion.

Risk Assessment Statement

A strong, independent and well supported Internal Audit function ensures that the Council does not suffer from poor internal control systems.
